Stainless Steel Gooseneck

Cable Outlet Post

DESCRIPTION :

- Gooseneck Cable Flashings are used to provide flashing / water protection for coaxial or lightning protection cables entering the building through a roof or wall. Design is one-piece / Slipover.

General purpose flashing that may be used either to flash vent pipes or heavy, flexible cables passing through low slope roofs.

FEATURES & BENEFITS

- Seamless, all-aluminum spun pipe flashing tig welded to base.
- 9" x 9" wide base of flashing.
- Pipe sizes: 1-1/4", 1-1/2", 2".
- Pipe Shape: Regular and gooseneck.
- Provides excellent watertight seal at roof plane with all types of roof materials.
- Requires no maintenance.
